

monitorPressing

definePressActivity

Lever::setPressType

```
graph LR; A[monitorPressing] --> B[definePressActivity]; B --> C[Lever::setPressType];
```

The diagram illustrates a sequence of three steps in a process flow. The first step, 'monitorPressing', is contained within a white rectangular box with a black border. A blue arrow points from this box to the second step, 'definePressActivity', which is also in a white rectangular box with a black border. Another blue arrow points from the second box to the third step, 'Lever::setPressType', which is contained within a gray rectangular box with a black border. The boxes are arranged horizontally from left to right.
